- ▶ USB charging port
- ▶ HDMI streaming available with PVS and 15" display
- ▶ Multiple cup and accessory holders
- ▶ LCD and 10" displays pre-wired for 8 Series PVS entertainment, 800/900mHZ receivers, and tablet holder
- ▶ Electrical requirements: LCD is self-generating; touch screen and PVS options require 12V/5 Amp power supply
- ▶ Lightweight aluminum frame for maximum corrosion protection

When we set out to design our new console, our philosophy was simple: provide a flexible platform that connects expert partners to provide solutions for every customer for today and into the future. Introducing the new OpenHub family of Cardio Consoles. OpenHub™ is a smart, affordable, configurable solution available on Star Trac and StairMaster cardio equipment. The best part is, you add (and pay for) only what you want, when you want. The future of club connectivity is here. The future is OpenHub.

A gym standard that looks, feels and rides like anything but one. Take a classic, reliable standby category and give it a healthy dose of reliability, style and energy – that's what you'll find with each and every one of our upright bikes. From the ultra-reliable, Morse Taper bottom bracket, to the eye-catching modern design, this upright bike delivers numerous intuitive, user-friendly and comfortable features. One word you'll never hear used to describe our bikes is "ordinary."

Length: 51 in (130 cm)
 Width: 25 in (64 cm)
 Height: 58 in (147 cm)
 User Weight Capacity: 350 lbs (159 kg)
 Product Weight: 152 lbs (69 kg)
