

DECADES AT THE TOP AND WE'RE STILL CLIMBING

Decades after pioneering the toughest workout in the gym, our machines are still the ones members choose to push themselves to the limit. The 8 series FreeClimber[™] builds on our 30-year reputation of performance and comfort to offer the most innovative climber experience in the gym. The FreeClimber step design includes added cushion and independent pedal geometry, with four-bar linkage to create a fluid, natural stepping motion. With three smart OpenHub[™] console options that offer solutions for all of your entertainment, fitness tracking and asset management needs. It's the combination of quality and innovation that provides users with the machines that make hearts pound, lungs burn and keep members coming back to the workouts they love to hate.

GET MORE WITH OPENHUB™

When we set out to design our new console, our philosophy was simple: provide a flexible platform that connects expert partners to provide solutions for every customer for today and into the future. Introducing the new OpenHub family of Cardio Consoles. OpenHub is a smart, affordable, configurable solution available on Star Trac® and StairMaster® cardio equipment. The best part is, you add (and pay for) only what you want, when you want. The future of club connectivity is here. The future is OpenHub. Learn more at: startrac.com/openhub

BUILD ON GREATNESS

At **Core Health & Fitness**, when we brought together fitness brands to build our company, we settled for nothing but the best. Four iconic brands that pioneered entire categories and whose machines are still the ones **members ask for by name**. Today, we're committed to continuing the tradition that started decades ago – and that's greatness you can feel good about building your business on.
